COURSES

Weekdays only, pre-booking essential.

Our weekday courses can often be booked or joined as late as the day before (allowing us time to prepare tools and materials in advance). Ask Guy or Adam for details or see what's available on the courses section of www.mallinson.co.uk. Just one participant can start a new course on a new date other than the 2 hour taster courses that require a minimum of 2 participants to start a new course on a new date. If courses are already booked then you can join these up to a maximum of 4 participants.
