

We have our own luxury on-site camping facilities available here in the Woodland Workshop so you can't really get more local accommodation than that! Our 'Crafty Camping' means you can experience the pleasure of staying in the woods in a tipi, yurt, shepherds hut or one of our three bell tents. 'Glamping' includes use of our woodland field kitchen, our wood fired pizza oven and the legendary woven willow hot 'tree showers'. We have en suite proper flushing loos too! It's certainly not 'roughing it'.

However, if luxury camping doesn't appeal, the following are some recommendations that past guests have made to us. If you find any other gems please do let us know.
